They have already given their interpretation of democracy

Minister Naftali Bennett and Knesset Members Zeev Elkin, Gila Gamliel, Aryeh Deri, Tzachi Hanegbi, Tzipi Hotovely and Ayelet Shaked have cancelled their participation in the Haaretz Conference on Democracy because the New Israel Fund is among its sponsors. For the boycotters, democracy means disregard of the weak, the rejected, those who lack rights, those who are discriminated against economically and those who are excluded because of their beliefs.

To the glory of the state of Israel, the New Israel Fund exists with the understanding that democracy is also the defense of minority rights and it expressly extends a hand to the weak, the discriminated against and the excluded, aiding the existence of non-profit organizations that promote their rights. The politicians of the right and Aryeh Deri (defender of the transparent) cannot tolerate this. Here is a detailed list of the organizations funded by the NIF and its supporters in 2013 (from the Fund's internet site):
